

Swan Class

6th October 2017

Dear Parents/ Carers,

We have had another great week. In our literacy lessons, we have 'stepped' Where the Wild Things Are and made story maps in preparation for writing our own stories. We have also been looking at exciting sentence openings to add interest to our writing.

In maths, we have been reviewing place value and looking at how to subtract 10, 50 and 100. The children have been working with numbers between 100 and 150. We have also begun to look at exchanging in subtraction. Please come and ask if you would like this explained further.

We had a wonderful trip to The Living Rainforest on Thursday. The children learned lots about the animals and plants that live in rainforests and enjoyed a tour of the edible plants. We will be continuing to look at the human and physical geography of rainforests.

On Monday, it will be our Harvest service at St Matthew's Church. Please do come along and bring donations of non-perishable food.

Have a great weekend,

Yours sincerely

Holly Welham
