

St Ebbe's
C of E (Aided) Primary School

Summer 2017 Term 3
Year 5 and 6
Treasure Island

KEY AREAS OF LEARNING

As Scientists we will

Identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. We will also recognise the impact of diet, exercise, drugs and lifestyle on the way our bodies function. We will also investigate forces and the impact they have within everyday life.

As Geographers/Historians we will

Study types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, and food. We will also use the eight points of a compass, four and six-figure grid references. We will also find out how shipping has changed over-time and identify key historical figures.

As Design Technologists we will

Research and design appealing products that are fit for purpose and further develop skills using a wide range of tools and equipment. Children will look closely at designing and creating a range of props for the summer production in KS2.

As Artists we will

Improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of mediums to create an eye-catching set for the KS2 production.

LITERACY

Our focus text this term is *Treasure Island*.

From this text the children will continue to develop their knowledge and understanding of fiction and non-fiction writing. Children will continue to have a grammar focus and understand the different technical features and how they can be used within their writing.

MATHEMATICS

Children in UKS2 will be looking at

This unit looks in turn at coordinate grids (including translation and reflection) and identifying and constructing nets for 3D shapes. These two areas are also used to extend work on knowledge of shape.

COMPUTING

Understand how to use certain apps to create ebooks for different areas of the curriculum. Continuing to expand on algorithms. Computing is also embedded across the curriculum.

PE

Play competitive team sports which many rely on striking and fielding. Children will also take part in personal best achievements in non-team sports.

RE

What is best for our world? Does religion help people decide?

To explore how and why believers help others through charity and service.

MUSIC

Exploring rhythm using a range of different instruments: percussion, wind and drums. Developing an understanding of the history of music. Children will improvise and compose music for a range of purposes.

FRENCH

Expanding vocabulary including body parts, colours and numbers.

Explore the patterns and sounds of languages through songs.

Inspire

Treasure Island
