

Swan Class

15.6.2018

Dear Parents/ Carers,

This week in literacy, we have been reading 'The Hunter' by Paul Geraghty. The children have brainstormed some excellent character descriptions of the little girl in the story using new vocabulary such as naïve and tenacious! Next week, we will be continuing with our work on this African story by looking at setting descriptions.

In maths, we have been working on data handling. The children have drawn bar charts and next week will work on reading graphs and interpreting data.

On Monday, we had geography day that focused on the protection of bees. We were visited by a beekeeper who works in Africa helping people to keep bees rather than taking honey from wild colonies. Instead of charging the school a fee for his visit, he asked for donations to his charity. If you would like to donate, please give this to me in an envelope.

Today has been Miss Unia Day, celebrating the life of our teaching assistant, colleague and friend. The children have had a lovely day at Hogacre appreciating the surroundings and drawing some lovely watercolour pictures. We have all been admiring the new surfboard bench that has been placed in her memory. If you would like to contribute to the cost of the bench, please give your donation to the school office.

PE Kits

Please ensure that your child has a full outdoor PE kit with trainers. From next week, if they do not have a kit, they will not be able to participate.

Water Bottles

A few children do not have water bottles. They must have these for school in the summer term so please make sure that your child has one.

Have a good weekend.

Yours sincerely

Holly Welham
