

# Year 2 Weekly Newsletter

6/7/18

Thank you to all the parents who came and watched and helped with our Sports morning! Despite the warm weather, our children showed enthusiasm and enjoyment doing the various activities, and yet more resilience in the races after break! Well done everybody!

In literacy we worked more on our African stories, building on Awongalema but also imagining how we could develop another story (The Hunter) after being read the first three pages only.

In Maths sessions we have done work in little groups, some of us solving time problems, others working on place value, number bonds to 100, or revisiting the inverse relationship of additions and subtractions, but also multiplications and divisions.

## **Homework**

Please read with your child every day (10-15 minutes is ideal), whether that is listening to them read to you or reading a story to them. **Thank you for your continued support with this.** (Please make sure that you bring in your child's book and Reading Diary when they are ready to change.)

**Spellings** – we will take spellings from the children's writing this term to ensure that they can spell high frequency words and words with suffixes such as \_ly, \_ness, \_ment and \_ful. Please check over the lists we have given you during the year to see which words your child still needs to learn.

## **General reminders**

- With the warmer weather please ensure your child has a hat and sun cream has been applied for when we go outdoors.
- It would be very helpful if EVERY CHILD had a named water bottle in class so that they can keep hydrated in this warm weather! Thank you!
