

Project Outcome Details

Parents are invited to a 'Superhero' graduation ceremony where they will graduate from 'St Ebbe's Superhero School' and share their work.

Weds 27th November 2pm

St Ebbe's
C of E (Aided) Primary School

Pangani and Swan

Inquiry Question and summary of project

'What does it take to be a Superhero?'

Understanding how to be a real-life superhero and appreciating the contribution of different members of our community.

Project-related knowledge

Science: Understanding forces, friction and magnets. Understanding the role of the skeleton and muscles in the human body.

The contribution of significant scientists: Jane Goodall, Alexander Fleming, Edwin Hubble, Katie Bouman

ICT – coding using 'Scratch' and explaining how the internet works

DT: Making a superhero cape and mask - sewing

Reading

Please read with your child every day and share and discuss a range of books. Children will be in guided reading groups at school and will read each week. Developing readers will continue to bring books home.

Spelling/Phonics

We will be continuing to work through our school spelling programme. Please practise these when they are sent home.

Number Facts

Please practise the 2, 3 and 4 times tables. Knowledge of times tables is essential for developing quick calculation skills.

We will also be sending home a booklet of maths games for you to enjoy with your child.

PE

Both year 3 classes will have PE on Wednesday and Friday.

Please ensure your child has a full PE kit with trainers. Please can this kit remain at school all week.

Suggestions for support at home

Please encourage independence and a growth mindset so that children feel ready to tackle the challenges and opportunities of the new key stage.

Please practise the reading and number skills outlined below.
