

Project Outcome Details

The project outcome for this topic will consist of an exhibition celebrating Everest, life in the Himalayas and Mallory and Irvine's adventure.

The exhibition will be on show the week beginning 21st October in the KS 2 building.

Project-related knowledge

Facts about Mount Everest including its location, height and how it was formed.
The life and influences of George Mallory and Sandy Irvine.

How the circulatory and respiratory system work.

The life of birds and mammals high altitudes.
The styles and techniques of artist Jackie Morris.

How to edit and record footage of interviews
The names and sounds of Tibetan and Nepalese instruments and the influence of music on culture.

How to reading and compose rhythmic beats.

Reading

Totally True Adventures- Climbing Everest by Gail Herman

In class reading sessions, we will continue to develop comprehension and inference skills.

St Ebbe's
C of E (Aided) Primary School

Year 6: Haro and Ob

Inquiry Question and summary of project

Is success the same for everyone?

Children will explore the mystery of George Mallory and Sandy Irvine's attempt to summit Everest in 1924.

Spelling/Phonics

In Year 6, the children work to reinforce the spelling patterns they learnt last year for the first term. Their weekly spellings will be linked to these spelling patterns.

PE

Both classes will have PE lessons on **Tuesdays** and **Fridays**. Please make sure PE kits are in school. Each child will need a light blue top; dark shorts, leggings or tracksuit bottoms; trainers and a warm top for cold days.

Suggestions for support at home

Please encourage your child to read regularly at home. Ask them about what they're reading and their opinions on the book. Make sure they give reasons!

Please also focus on times tables. These will help for the year to come as we move through a variety of topics in Maths.

Number Facts

Continue to focus on all number facts up to 12 x 12.

If times tables are a challenge, focus on 1 per week.

If all times tables are known, work on quick recall (within 3 seconds) of all facts.
